School Board

OMB studies levies

An Ontario Municipal Board hearing began Monday and finished yesterday in Minden to investigate the fairness of school board apportionment of taxes for 1976.

Three municipalities, Anson, Hindon and Minden, Sherbourne,

McKintock and Livingstone and Stanhope objected to the distribution of taxes between the municipalities of the county set for 1976, saying that it puts an undue burden on their municipalities. Last year, Stanhope and Anson, Hindon and Minden won

an adjustment from the OMB on a similar issue, that meant that they paid \$1,117, and \$18,413, less respectively in school taxes, with increases being charged to other municipalities. Dysart et al, as a result of the 1976 OMB decision was asked to pay additional \$32,179, in taxes, with other changes going to other municipalities as the ratio of taxation was adjusted.

The Board's decision was an adjustment to the amount of taxes levied only and did not change the method by which the apportionment was being made again by the townships.

The Board's decision was an adjustment to the amount of taxes levied only and did not change the method by which the apportionment of school taxes are determined.

This year, an objection was being made again by the townships of Anson, Hindon and Minden, Stanhope and Sherbourne, McKintock, Livingstone to request a similar adjustment.

School taxes, like municipal taxes, are set according to assessment rolls that have been frozen since 1969. Since that time assessments have been adjusted by a series of equalization factors "to give a more localized and up to date level of value" to assessed properties, Victor Hewson, Assessment Commissioner for Peterborough, Haliburton and Victoria Counties explained at the meeting.

The municipality and the board of education follow different sets of equalization factors, the one set by the Ministry of Treasury, Economics and Intergovernmental Affairs and the other set by the Education Act. The final figures and percentage of taxation to be borne by each municipality for education and county taxes may or may not be the same.

In 1974, Mr. Hewson prepared an apportionment for county taxation at the request of the Haliburton County Council based on market value assessments calculated for 1972, rather than on the 1969 assessment rolls. At the hearing on Tuesday, Mr. Hewson said that at that time, the revised apportionment, based on equalization figures applied to the market value assessment of 1972 represented "a fairer distribution of county apportionment than did the assessment arrived at by the provincial equalization factors for that year."

Since Mr. Hewson's revised apportionment meant a large shift in taxation for some municipalities, County Council made a verbal agreement to adopt one third of the difference between the apportionment for 1974 and the apportionment suggested by Mr. Hewson, intending to adopt additional third of the difference in the next years, and gradually approach true responsibilities. There was no written agreement set down, however, the OMB hearing was told on Monday.

Last year's OMB decision gave effect to the one third basis of Mr. Hewson's calculations for school board apportionment. Counsel for the objecting townships.

Robert Weekes, counsel for the objecting townships Tuesday argued that the principal established at the OMB hearing last year was that the 1969 figures should not be relied on if there was something better to work from. He said that Mr. Hewson's 1974 figures are a more recent calculation of market value, and more reliable. Furthermore, he said that the apportionment set by County council for this year is similar to the ratios that would have been in effect if two thirds of Mr. Hewson's figures had been adopted by county council.

He said that the objecting municipalities were asking for an adjustment that would bring the percentage of the taxes that they must pay into line with two third of Mr. Hewson's figures.

Mr. Hewson told the hearing that he was genuinely concerned "that those figures may no longer be satisfactory". He said that market values of lakeshore properties in particular have escalated at a faster rate than market value in general, that the "success at predicting sale prices based on 1972 figures was found to be less than satisfactory according to our own quality control standards" and that proposals in the provincial government's Budget Paper E did call for additional changes in the assessment structure to be followed.

He testified that he was unable to determine if the use of his 1974 figures would in fact provide a more fair or equitable distribution of tax levies amongst the municipalities for 1976.

David Bishop, counsel for Dysart et al, noted that county council did not use Mr. Hewson's adjusted figures this year. He also noted that county council and board of education apportionments are determined with different considerations in mind, and that to compare them would be like comparing apples to oranges.

He also argued that there had been no evidence presented to prove that the figures set for 1976 in fact produced an undue burden of taxation on any one municipality.

He admitted that existing assessment figures do not show market value, but that this is true for the county as a whole.

"Just because Mr. Hewson's figures are more recent inaccurate assessment figures doesn't help us here," Mr. Bishop concluded.

Samuel Speigel, chairman of the Board present at the hearing, said that he understood that there are no figures at present that can be used with reference to market value with any degree of confidence. He noted that at this time, market value assessment is to be released in 1977 for 1978 purposes.

The decision of the board was reserved until such time as the figures presented have been examined more closely. Mr. Speigel promised that they would do their best to get the decision out quickly, a waiting period of some months, however is expected.

Dysart, union settle

The Municipality of Dysart et al and its union employees were able to reach a contract settlement after only about one and a half hours of negotiations.

The municipality's contract with Canadian Union of Public Employees Local 2142 called for a 35 cent an hour across the board increase and no other changes in the contract, according to Dysart Reeve Murray Fearrey.

He pointed out that he feels the contract is "fair and within the anti-inflation board guidelines." The increase is slightly less than eight per cent.

Brenda Toye, Junior Princess, Ellen Farnsworth, Junior Carnival Queen and Erin Gilligan, Junior Princess were crowned on Friday, the opening night of Minden's Winter Carnival. The Senior

winners were Bonnie Rowden, Princess, Joanne Bull, Queen and Debbie Gammell, Princess. For pictures and details of the Minden Carnival see page eight.

New events for '77 Winter Carnival

Old-timers' hockey and a bed race are two of the new features of this year's edition of the Haliburton Rotary Winter Carnival.

Roy Scott, in charge of the old-timers' tournament, said the event will be held Saturday, Feb. 19.

Six teams from various parts of the province will be participating, including the local Chalkdusters. Other areas represented in the tournament will be participating including the local Chalkdusters. Other areas represented in the tournament will be Peterborough, Lindsay and Burlington.

The tournament will begin at 9 a.m. and the championship game is slated to begin at 7:30 p.m.

All proceeds from the tournament will be given to minor hockey.

Mr. Scott said that there is no body checking allowed in old-timers' hockey and no slap shots over the waist. He called it a gentleman's game of hockey.

The hockey tournament is among many events at this year's carnival which begins at 3 p.m. Friday, Feb. 18 and lasts until Sunday afternoon.

The carnival features both events for those who like to get outdoors in the winter and those who would rather stay inside and enjoy a little warmth, but whether you are indoors or not, you will enjoy the Haliburton Winter Carnival and find enough warmth wherever you are.

Board takes long look at its budget

Haliburton County Board of Education trustees had a long first look at the 1977 school budget when they met last Tuesday, Jan. 25 from 7:30 p.m. until past midnight, covering about half of the issues of a total budget running over four million dollars, according to the Board Chairman, Richard Poole.

Mr. Poole said that the board was agreed to place the emphasis on spending for the coming year on the academic rather than on the physical area of school board spending. Unlike some larger board, who set their budget

according to suggestions of a smaller committee and the business administrators of the board, the Haliburton board works on the budget as a whole. This gives the members a chance to contribute their own ideas, and help in those areas of spending that they know best, Mr. Poole explained. He said that budget discussions may run to as many as three meetings, since budgets for each school must be reviewed one at a time, and then be brought into line once all schools have been examined.

Each school submits to the board requests in order of priority for capital expense for larger pieces of equipment.

At the Jan. 25 meeting, the board worked its way through maintenance and capital expenditures, on a county level, and got half way through examining the operation of the highschool.

One major expense for the coming year may involve a sewer connection to the high school. The septic tank at the school is inadequate at present and both Dysart council and the school board are waiting for a decision from the Ministry of Housing regarding phase two of the sewers for Haliburton village. If the Ministry does not agree to providing funds for the project, there will be a large expense to the board.

Increases in the total budget, which includes the salaries of all teachers and board employees, are not expected to exceed a normal increase for inflation, Mr. Poole said.

Snoworama postponed by weather

Ice conditions on the lakes has forced the postponement of the Snoworama.

Brian Black, chairman of the Rotary's Snoworama committee in Haliburton and Gerry Mansfield, chairman in Minden, "wish to apologize for the inconvenience and look forward to participation in the Snoworama now slated for March 6."

It is reported that there is over one foot of slush on most lakes.

For further information contact either of the above.

Council is still waiting for sewer completion

Dysart Council has been talking about sewers for the past 10 years and even now is wondering just how soon the project could be completed.

Reeve Murray Fearrey said that six years ago the council took a definite stand on sewers despite the fact that Haliburton Village would have one of the highest per capita rates in Ontario. The idea at that time was to service the core of the village and the schools.

The per capita rate in Haliburton Village worked out to \$174 per household.

The Ministry of the Environment gave the go ahead on the first phase of the project which was started in 1974 and completed in 1975.

Back in 1973 though, according to Reeve Murray Fearrey, it became apparent that there was a definite need for a phase 2 to the project which would encompass more of the village, about 150 out of 250 homes.

Phase 2 was also to encompass the site proposed for Extensicare as well.

A petition conducted by the Ministry at that time showed 100 per cent in favor of the second phase and at that time the Ministry said it would proceed with it immediately following the

first phase of the project.

Reeve Fearrey said that at that time the municipal council expected the project to proceed on schedule and it wasn't until the spring of 1975 did the municipality find out that financing hadn't been arranged but it was indicated at that time by the ministry that there would be financing for 1976.

The reeve said that early in 1976, "because of the concern of local citizens" who had not replaced troubled tile beds the council set up appointments with George Kerr, the Minister of the Environment.

Reeve Fearrey noted that there was also concern for the servicing of the high school and hospital.

From the meeting with Kerr, the council learned that financing had not been included for 1976 but it was indicated at that time that if any money became available from projects that didn't get off the ground that year it would be applied to the Haliburton project.

Reeve Fearrey said that the minister admitted at that time that there was a need for the second phase of the project.

The reeve also pointed out that the money never came available during the year.

He noted that the council spent

a great deal of time during that year getting in touch with various civil servants in the Ministry in regards to the status of the project.

In December of last year council learned that the project may not be included in 1977 funding.

"Council found that hard to take," Reeve Fearrey said, especially since the ministry had already invested \$2 million in a sewage disposal system.

He said that because the system wasn't running at its capacity it was inefficient without the second phase of the project.

Reeve Fearrey pointed out that since the initial visit to Kerr of other new projects started in the province.

In January of this Dysart Council again went to see Ministry officials and at that time was told that an attempt would be made to find the necessary funding for the troubled areas, such as the hospital and high school.

Reeve Fearrey said that, Dysart is deserving of at least a timetable as to when it would be completed because of the people who have been waiting to get on the sewers.

He pointed out that Head Lake is the top of the Trent System and in need of environmental controls.

First appearance day in Minden court

Jan. 25 was a first appearance day at Minden provincial court and a number of people were present to set trial dates.

Steven R. Major, of Tory Hill, charged June 28 with impaired driving and blow-

ing over .08 set April 19 as a date for trial.

Fred Chaley, of Scarborough, before the court on counts of having an offensive weapon and wounding that arose on Sept. 26 in Havelock Township, set

March 29 as the date for a preliminary hearing.

Steven Roberts, of Toronto, charged on the same date with possession of an offensive weapon, will also be heard March 29.

Dennis R. May, of Hamilton, will return to court on Feb. 22 on charges of impaired driving and blowing over .08 laid Nov. 26 in Monmouth Township.

David Deschene, will come up for trial on April 26 on a count of theft over \$200 that occurred Dec. 9.

Philip Sawyer, of Keswick, will answer to charges of impaired driving and blowing over .08 laid Nov. 30. March 22 was set as the trial date.

A bench warrant was issued Jan. 25 for Christian G. Schuetze, of Dorset, charged Dec. 19 with causing a disturbance. Schuetze failed to appear in court Jan. 25.

Fined \$400 in court

Robert Norman Marshall, of Elliott Lake, was fined a total of \$400 and ordered to pay \$60 in restitution for convictions on two counts of breaking, entering and theft committed between July 6 and 17 last Summer.

Marshall was also charged with failure to appear in court Aug. 24, but notified the court that he had entered the hospital Aug. 23 and was unable to attend. That charge was withdrawn.

He entered a plea of guilty in the provincial court on Jan. 25 to the charges of breaking, entering and theft at the cottages of William Hemmerick and William Lindsay on Raven Lake.

After the break-ins were discovered, OPP officers investigated the campsite at the south end of the lake.

Stolen property was recovered from the campsite and another person charged in the same matter gave a statement confirming his involvement.

A total of \$600 worth of goods was stolen from the Hemmerick cottage and \$40 of which was not recovered. Damage was done to the rear door upon entry. Goods totalling \$95 were stolen from the Lindsay cottage and were recovered in full. An estimate of \$10 damage was done to the front door of that cottage.

Judge Inrig noted that the co-accused in this matter had received fines of \$200 or 20 days on each charge and he saw no reason to vary the sentence.

Larry K. Preston, of Newmarket, and Mervin E. Preston, of RR 2 Burnt River, both charged on May 8 with a number of offences, including obstructing and assaulting a police officer will come to trial April 19.

Thomas C. Hicks, of Willowdale, charged with possession of narcotics, Nov. 29, in Dysart Township, will return to court Feb. 15.

People problems can be serious problems.

This is what Ontario is doing to help solve them in advance.

Recently arrangements were made for a group of Indian children to attend the public school in a northern Ontario town. The principal of the school in the town was aware that Indian children sometimes had a rough time at the hands of other students, and to try to forestall this kind of situation, he called in a Human Rights Commission counsellor to talk to the other children. The counsellor asked the children if any of them had ever moved to a new school, and what they thought it would feel like if they were the strangers. In this way he helped them understand how the Indian children would be feeling when they arrived, and the integration proceeded relatively smoothly.

Community counselling is one of the major roles of your Ontario Human Rights Commission. We hold seminars and discussions with police in areas where there are communication barriers between them and minority groups, to help relieve tension and promote mutual understanding. We attend meetings of immigrants and native-born minority groups to explain to them both their rights under the legislation and their responsibilities as citizens of this Province.

We also help bring people into contact with local agencies like home-and-school groups, community and government agencies, and churches, which are available to help but which many people don't even know exist. Wherever there's a difficulty based on race, language, colour or creed, the Human Rights Commission is available to generate discussion and motivate people to develop understanding and respect for the other's point of view.

Our job is to help bring people together and encourage healthier relationships among all groups.

Homemaker service for County

A joint committee made up of members from the Minden, Haliburton and Wilberforce Red Cross As-

sociations is now prepared to set up Homemaker services for Haliburton County.

Homemaker Services Committee for the county and joint Red Cross committee.

Take out service

Anson, Hindon and Minden Council, Jan. 26 learned of the intention of the owners of the Wentworth Marina on Highway 121 to being a Chinese food takeout and delivery service.

Mr. and Mrs. Dodd were told that council had no objection to the proposal, since it was within the by-law and there was adequate room for parking at the Marina. They agreed to approve the plan subject to the concurrence of the Ministry of Health.

The service, which provides in the home care to those who are unable to manage all household tasks alone, or who are convalescing, has been run in Haliburton in the past by an administration in Lindsay, under a Home care program. Homemakers are now to be organized with in the county by the Red Cross to provide better coverage in what is considered to be a worthwhile and needed endeavor.

Kenneth Sanderson of Wilberforce heads the

She takes up her new position on Feb. 1, and will be working with her counterpart in Lindsay for the first two weeks, before setting up Haliburton operations.

H.H.S.S. News

BY BECKY DAVIDSON

The H.H.S.S. Bands are trying to raise money for band blazers and for trips. They are selling freshly picked oranges and grapefruit from Texas. Their goal is to raise \$2,000. Be sure to support the bands by purchasing a box of citrus fruit.

On Wednesday, January 26, our girls' volleyball teams played in an Exhibition Game in Peterborough. Congratulations to the Juniors who were able to win one out of four games.

Our curling team travels to Gananoque on Sunday, January 30 for the Eastern Ontario Finals.

We were fortunate to have Professor Grinnell from McMaster University come to H.H.S.S. to speak to the A3 History students about the theories and ideas of Velikovsky.

Our Reach for the Top team competed in their first match January 19 in Barrie. Be sure to watch the game when it is televised March 16.

This week's results from the 50-Mile Club are Miss Keohler - 29 miles, Mr. Oakley - 27 miles, Mr. Lerpiniere - 25 miles and Mr. Brohman - 23 miles.

We have a new exchange student at our school, Jennifer Bowen from South Africa. We hope Jennifer will enjoy her visit in Canada.

It's moving time for LaRue Motors and everyone is pitching in. Making an effort to carry a box into the building is Perry Morrison, secretary treasurer of LaRue Motors; Scott LaRue, president; Terry Barnum, vice-president; and Greg Smith, director. The company is hoping to be moved into the new

building, located on Highway 121 and the Old Guilford Road, by Monday. The new establishment contains 5,200 square feet of floor space, with a three car showroom and 10 car service area. Albert LaRue, a director of the company, was away when the photo was taken.

LaRue's moving

LaRue Motors is now in the midst of moving from its downtown location to a site on Highway 121 and the Old Guilford Road, west of Haliburton Village.

Scott LaRue, president of the automobile dealership, said that the new building, which the company hopes to occupy by this Monday, contains 5,700 square feet of floor space.

He noted that there is a three car showroom and a 10 car service area within the building.

The showroom and office area of the building can be reached by entering off of Highway 121 and the service bays are located off of the Old Guilford Road.

Mr. LaRue pointed out that it is a completely modern building and among the many items included are two service hoists and a scope.

In front of the building, on the Highway 121 side, Mr. LaRue said that there is a

Salary increase for council

The council and staff of Anson, Hindon and Minden last Wednesday received an increase in salary, set at a meeting of council for municipal employees, there will be an increase of eight per cent across the board.

In 1976, employees received a five per cent increase in salary on July 1 of the year, meaning a 2.5 per cent increase calculated for the full year.

The eight per cent increase keeps within the 8.5 per cent increase set by the Anti Inflation Board.

Members of council also received increases. The reeve will be paid \$3,500., deputy reeve \$2,875 and councillors \$2,625. The salaries for council in 1976 were: reeve, \$3,000., deputy reeve, \$2,300. and councillors, \$2,100. These figures were set Jan. 1, 1974.

The volume of work before council has increased to the point that there will be two regular full meetings of council every month, on the second and fourth Wednesday.

Council salaries are not governed by the A.I.B. Increases voted by Anson, Hindon and Minden are approximately 25 per cent.

great deal of room for display of new and used vehicles.

He said that the official opening of the building will not likely take place until next month, after the company is completely settled in the new building.

DOC speaks to area radio club

Members of the Haliburton Area Radio Club and REACT, an emergency radio organization, discussed rules and regulations regarding radio operations with George Wilson, a representative of the Department of Communications.

Mr. Wilson was the guest speaker at a special meeting held last week.

Reg Brooks, organizer of the meeting, said that the meeting covered legal uses of different GRS equipment.

There was also a discussion about interference, such as television and who people with complaints should contact.

Mr. Brooks said that meetings of this nature are an attempt to work in co-operation with the department.

He said that the radio club hopes to hold another one in the future and noted that the general public is invited to attend.

Wardens

Fire wardens for 1977 were appointed at the regular meeting of Anson, Hindon and Minden council Jan. 26.

There was only one change in the positions, Dusty Sutherland, warden for the highway 121 area, will now be in charge of the Ingoldsbay area as well.

Earl Kent and Albert Cox remain as wardens for the general area. Richard Schell is warden for Minden, Allan Austin, warden for Brady Lake, Harold Burton for Carnarvon, Harvey Barnhart for Pine Springs and Bruce Nesbitt for Blairhampton. W.M. Jackson continues as fire chief.

Council noted that while it is difficult to find people willing to fill these positions, all who are presently serving are considered to be very satisfactory.

Found guilty of mischief and fined

Danny Boyer, 23, of Richmond Hill, David S. Boyer, 20, of Gormley and Lewis A. Morton, 23, also of Gormley, were convicted of mischief and fined \$75 each and \$34 in court costs in Minden provincial court Jan. 25.

The charges were laid Aug. 12 when the three caused a disturbance where they were camped on a lot adjacent to a cottage in Minden township. They were accused of interrupting the lawful use of property by using obscene language.

Crown information indicated that they had been drinking, were loud and had been running around without clothes. Neighboring cottagers "were terrified at the time," according to crown attorney Jerry Woron.

Counsel for two of the accused argued that the young men were usually mild mannered, but that "under the influence of drink, they had let their emotions get away with them." He asked for a discharge for the three, who, he said, did not deserve to have a criminal record for

this one incident that was out of character.

Mr. Woron concurred with this suggestion, but Judge Inrig ruled that it was "not behavior that is going to be condoned by this court," and that "people who live in this area don't have to put up with it." He said that he didn't want the three to have a criminal record, but that "a record of mischief only is not that serious."

Suspended sentence

Paul A. Hanson, of Wilfordale, was given a suspended sentence and two years probation in Minden provincial court Jan. 25 after a plea of guilty to theft under \$200.

The offence was committed Sept. 23, and involved property and the cottage of Victor Screen of Stanhope Township.

Conditions to the period of probation were that Hanson consume no alcohol for that time and enter no licenced premises.

George Wilson, of the Department of Communications, was on hand at a special meeting of the Haliburton Area Radio Club last week to discuss some of the problems in radio operations. With Mr. Wilson are John Briggs, president of HARC; Wally Bunn, president of REACT; and Reg Brooks, organizer of the meeting.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF PART OF LOT 14, CON. IV AND V, IN THE TOWNSHIP OF DYSART.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, February 14th, 1977, a By-Law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel, or tract of land and premises, situate lying and being in the Township of Harburn, in the Provisional County of Haliburton and being composed of part of the original allowance for road between Concessions IV and V, across part of Lot 14, in the said Township and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from the Northerly limit of Lot 14, Con. IV, having a bearing of North 69 degrees 08 minutes East as shown on Registered Plan No. 226.

COMMENCING at the North Easterly angle of that part of Lot 19, Registered Plan No. 226 for the said township lying in Concession IV;

THENCE South 69 degrees 08 minutes West along the Southerly limit of the aforesaid road allowance, a plan distance of 100 feet to the North Westerly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession IV;

THENCE North 20 degrees 52 minutes West, 66 feet to the South Westerly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession V;

THENCE North 69 degrees 08 minutes East along the Northerly limit of the aforesaid road allowance, a distance of 47 feet to the South Easterly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession V, at a point distant 66 feet measured Southerly from the high water mark of Haliburton Lake as defined by Registered Plan No. 226;

THENCE Easterly along a line drawn parallel to an distant 66 feet measured Southerly from and perpendicular to the high water mark of Haliburton Lake as defined by Registered Plan No. 226 to a point where the same is intersected by a line drawn through the point of commencement on a course of North 20 degrees 52 minutes West;

THENCE South 20 degrees 52 minutes East to the point of commencement. AND WHICH said parcel or tract of land may be further illustrated as shown on a sketch drawn by H.C. Bishop, O.L.S., dated November 10, 1975 and hereunto attached.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON, this 6th day of January, 1977.

Civil war?

By BILL SMILEY

© The Argyle Syndicate Ltd.

Boy, am I glad I'm not rich! There is nothing wrong with money itself, though the love of it is reputed to be the root of evil. It's what money brings in its wake that can make life a nightmare.

For the past four days we've been a two-car family, and it's been a real brute. We need two cars about as much as we need two houses, and I still don't know how I got into this fandango, but I'm in it, and I wish I weren't.

There wasn't a thing wrong with our old car, except that it was getting a bit long in the tooth. Or so everybody said. I didn't think a 1967 Dodge, with only 48,000 miles on it, that ran like a bomb, was something to be ashamed of.

Dogs are said to age about seven to one, in comparison with humans. Thus a nine-year old dog would be like a 63 year old man. That seems fair enough: missing some teeth, missing some hair, and getting a bit stiff and arthritic. But there are old dogs and old dogs, of both species.

I don't know the ratio for cars and humans, but I'd guess it would be eight to one. So, my 10-year old car would be about 80 in human terms.

To some of you young people, 80 might seem a great age. But to my personal knowledge, for some people life begins at 80. And many an old girl in a home for the aged will back me up. They know from personal experience, that some of the guys, at 80, 82, 84 are among the most dangerous men they've ever met in their lives, socially and sexually.

We've all been reading lately about the Male Menopause. At least I have. I think I came through it all right, but you never really know. Only last Sunday afternoon I was giving my wife a big blast because she didn't want me to join the poker club and go to the Legion Hall and play shuffleboard with the boys after work on Friday.

She was a bit taken aback for about one minute. Then she snapped that she didn't care what I did. I could go and stand on my head in a snowbank. I could go out and play poker six nights a week, as long as I didn't take more than a dollar with me, and didn't "expect me to serve lunch to a lot of men who'd leave a dirty mess to clean up and burn holes in the rug."

I don't know how I got away over here behind the barn when I started out talking about the horrors of being a two-car family. Anyway.

People made disparaging remarks about my old Dodge. A mechanic wanted to buy it. Cheap. When I suggested \$1,300 as a fair price, he laughed so hard he had a mild heart attack. "Smiley, you've run that old wreck into every tree in Blank County."

This was a gross canard. That car has hit only one tree. I'll admit that it has hit the same tree - the one at the end of my driveway - three times, once by my wife, once by my daughter, once by my son-in-law, but never by me. That shows you how rumors spread.

It did have a wow in the front bumper from the time I hit a light standard. The back bumper was somewhat like a boomerang, because I bombed through two feet of snow in my driveway last winter, skidded across the street, and hit a telephone pole, backwards. But only one tree.

On one side, the chrome was stripped off and the door caved in, when the Old Lady had an argument with the side of the garage. But the other side, until today, looked like a new car, except for the rust, which had eaten a bare 12 inches up into the fenders.

Key words there are "Until today." After today I have matching doors, both without chrome, both looking as though Paul Bunyan had taken a grievance and a kick at the door, in that order.

Inside the car is like new, if you don't mind a bit of foam spilling out of the seats. You can tell it has been a one owner car. The two inches of cigarette ashes on the floor are all of the same brand.

You can understand how sentimental a chap could get about such a car. Like an 80 year old uncle with a few scars and wrinkles but a lot of zip in the old bawd.

People have made love in that car. People have been taken to hospital in that car. Babies have been brought home from hospital on their fifth or sixth day in the world, in that car.

I loved that car. But it was too randy for me. It was Male Menopause No. 2, the one that comes at 80.

So I bought a new one. Not really new. Anybody who buys a new car today is either rich or ripped off. Jumped all that way up to a '72.

But I still have the old one. My wife loves it now, too, after asking me for five years if I expected her to be seen in public in "That Old Wreck."

So I have two cars. I juggle them in and out of a one car garage and a one car driveway. Today I had the new one off to work.

Although I have told her 700 times that she can't back the car out of the garage, she tried it. I don't know what her technique is. I think she looks over her left shoulder and twists the wheel to the right. Or vice versa.

Anyway, she creamed it right up against the post of the garage, could neither forward go nor back, and I now have matching dented doors. Sans chrome. At least it wasn't the new five-year-old one.

Echo editorials

Still more to come in winter

So far this year we have had many winter attractions and there's still more coming up. This coming Sunday, March 6th, another big event is coming up and its Snoworama 77.

This is the time of year when the Rotary Clubs of Minden and Haliburton team up with the Haliburton County Snowmobile Association to raise much needed funds for the Society of Crippled Children. The event is really called Whipper Watson's Snoworama for Timmy.

Both the Haliburton and Minden Rotary clubs are highly involved with the work of crippled children and the money raised is just that much more extra to help along with the annual Easter Seal Campaign. Its really encouraging to see the Haliburton County Snowmobile Association pitch in with the Rotary clubs to make this truly a team effort. We could use more of this kind of co-operation in the county.

Snoworama for Timmy will see snowmobilers coming from all parts of Central Ontario on the morning of March 6th to enter the 100 mile ride. Each rider will carry pledges to be honoured upon successful completion of the trip. Starting points are established at both Minden and Haliburton.

At Haliburton the starting time will be from 7:30 a.m. to 10:00 p.m. at the Haliburton Highlands Secondary School. This is a 100 mile trip with food and gas supplied free at the half way point.

Similar events will be held in more than a dozen communities across the province. Snoworama last year became second only to the Easter Seal campaign as a fund raising effort to continue the ever expanding work of the Crippled Childrens Society. The objective this year is a quarter million dollars.

Successful trip

Dysart Council met with some success on a trip to Toronto last week when a delegation got to explain the municipality's position on sewers and police to government officials.

In recent years the council has met with more and more success when approaching the government. There are a number of people, too numerous to start mentioning, who have been responsible for the success but another reason is the clear business like approach Dysart Council is taking in running its affairs.

The council has proven time and time again, whether it be last years or the years before that it is very capable of handling the business of Dysart. There is a distinct feeling when you listen to the council do its business. It is the feeling that our affairs are in capable hands.

Dysart Council, like any other business, or governing body does and will make mistakes, but it is also willing to admit to these mistakes when they happen.

Pee Wee tourney

It will be back to the arena in a couple of weeks for Haliburton Hockey fans when the annual Lake Kashagawigamog Pee Wee tournament gets off the ground.

The tournament will have an added attraction over the atom event which was staged a week and a half ago. This one will feature six double A minor teams, who could be among the best 11-year-old hockey players in the province.

We will get to see such well known hockey organizations like Toronto Marlboros and Toronto Shopsy's in action.

We will find out that despite the fact that these teams are from somewhat wealthy hockey organizations the players are there basically for the same reason minor hockey players get to the rink everywhere, to compete and play in the national sport of Canada.

Pic of the Past

Oh how times have changed. The above photo shows how the students were driven to school in the old days. The picture shows the students from the West Guilford School in the late 1930's. Front row, left to right, Murray Upton, Wayne Griffin, Morgan Upton. Second row, left to right, Noreen Barry, Ella Barry, Jack Barry. Back row, left to right, Archie Scott, Evelyn Scott, Doreen Barry, Noel Griffin, Karl Barry, Cecil Scott, (Bus Driver). Thanks to Laura Upton for letting us use this photo.

Haliburton Highlights

BY CREIGHTON FEIR

This week we would like to say happy birthday to Charles Plewman a resident at Extencicare, Haliburton. Charlie who does such a great job of writing the Extencicare column for The Echo was 87 years old on January 17th. May we wish you many more happy birthdays Charlie.

For our out of the County readers of The Echo its always nice to keep them up to date on the recent weather report. Over the past weekend another heavy snow storm hit here as it did in most other centres in Ontario. On Friday a heavy snowfall along with heavy drifting made driving very treacherous. The snow and the drifting continued right through the weekend. Snow is becoming very heavy on the roofs of most buildings and we would urge all cottage owners to have their cottage roofs shovelled if they have not already done so.

One begins to wonder just what Haliburton and Minden have to do to have good weather for their winter carnivals. The Minden Kinsmen Club who do such a great job of running the annual Minden Winter Carnival ran into another bad case of poor weather conditions last weekend. In the past few years Haliburton has had many Carnivals when the weather was anything but good.

Some people are complaining that there just doesn't seem to be enough time for public skating at the Haliburton Arena. The only time

on the schedule for public skating is on Sunday afternoons and if there happens to be a hockey game or some other event on this afternoon skating is postponed.

The Haliburton Rotary Club's new exchange student, Jennifer Bowen is at present staying at the home of Mr. and Mrs. Ken Langdon and family.

Many visitors to Haliburton from other centres in Ontario tell us that they are really surprised at the fast and efficient way that snow removal is carried on here in Haliburton County. The roads in the villages and on the highways and sideroads are always kept open and it doesn't seem to take long for them to do it.

The Adventures of the Wilderness family based on a true story of a modern pioneer family who turned their backs on civilization...Never to return is a motion picture to be shown at the Beaver Theatre in Minden on Friday and Saturday, February 4th and 5th with a Special Matinee on Saturday at 2 p.m. It will be playing at the Molou Theatre in Haliburton on Thursday, Friday and Saturday, February 10-11-12 with a Special Matinee on Saturday at 2 p.m.

Editor's notebook

BY JIM BADGLEY

Winter Carnival time has come and gone in Minden but the county can still look forward to more festivities in the Haliburton Rotary Club Winter Carnival.

Preparations for the event are well underway and it promises to be as big or bigger than ever. The carnival, as in most winter carnivals, as well as creating some added business for the merchants, is also a chance to display community spirit.

In past years winter carnivals have become very popular attractions all over Ontario and I have in many ways learned how to enjoy them despite my great feelings against the winter months.

The carnival will provide a break for all of us from the depression that generally sets in this time of year.

We all have something to look forward to, something to participate in and in all likelihood a

chance to get out and meet some new friends and renew some old acquaintances.

Found money that you lost yourself is something like coming into extra cash. Last week, while sitting at a local restaurant two dollars that I lost the day before returned to me.

To top it off I didn't even know that I lost the money. What made the returning of the money even better was that a local youngster found it after I had dropped it in a store. The youngster turned it into a store employee and explained who had lost the cash. To the youngster and the store keeper, thank you very much for helping me keep my faith in the honesty of people. The youth of today, as proven by the youngster, are not all heading in the wrong direction.

News from Extencicare

BY CHARLES PLEWMAN

Nothing spectacular has happened here this past seven days. The Four Electric Planters for growing seeds have arrived and are taking up considerable space.

Mr. Roy Halward, the enthusiastic Botanist for the Royal Botanical Gardens, Hamilton, is planning to come here on March 15th to hook these units up and to demonstrate how to operate them to the best advantage. I understand that he will be here on the 16th and 17th meeting with other groups. A greenhouse is unnecessary when you use one or more of the Planter Units.

Its a great capacity for one to be able to see the funny side or if you will, the humorous side of life. Our Nursing Aides seem to have that happy faculty. Everyday they run into situations that would "throw most of us." Instead they see the amusing or ludicrous aspect of it and come up smiling.

Some of us, including myself, take life too seriously. We don't know how to relax - We are fit subjects for a heart attack - We are like a man lugging around a heavy pack sack on his back that is full of his troubles.

Personally, I seem to have a capacity of doing things the hard way. It is quite true that one should face the realities of life but having done that, we should forget them and have fun or at least a leizurely good time.

We have seriously handicapped people here who are happy and who carry on with a song in their hearts.

We have had a Doctor from Peterboro with us for some time. He is what you call a Podiatrist. His job is the medical and surgical care of the feet. He examined most of the residents.

We have four new Bridge Tables. Why not phone Extencicare and arrange for a game of cards?

Extencicare has now been operating for a year. The first to arrive was our Administrator, Miss Sheila Elston. She appeared on the scene on January 19th. By February the 28th she was ready to receive our first resident who was Mrs. Emily Davidson. Today our accommodations are full. When one sees the handicapped and the needs of some of our residents, one wonders how on earth they were cared for by their families. Altogether we are serving 33 Women and 27 Men. This is not a bad showing for the men whose average life span is around 67 or 68. With the women, the so-called "weaker sex", their average life span is 74 or 75. The men may be stronger, but the women appear to endure longer.

PERSONALS

We regret to say that Mrs. Miriam Lewis, who attempted to return to work, had to stay away a little longer.

Emily Davidson was our first resident. Her daughter-in-law, Mrs. Dorothy Davidson, is one of our regular volunteers and visits Mrs. Davidson nearly everyday.

Halda Dean was born in 1882, which makes her 95 years of age. She is one of our older residents.

Elgin Douglas is from Lindsay and is a kindly soul who watches over the residents sitting in the lounge.

Rosina Dukes, not the most active resident and who has back trouble.

Mel Petrant has been having trouble with his amputated leg equipment. He goes to Sunnybrook Hospital for repairs.

On Thursday the 27th, we has a party for those who had birthdays during the month of January. They were Cecil Kellett, Stewart Roberts, Charlie Rumbelow, Alice Hartle, Rena Horsley, Flora Walling and Charles Plewman.

Our regular Friday Devotional Period was led by Pastor Ron Thornton of Minden Gospel Church. This theme was "Let not your heart be troubled - I go to prepare a place for you." This was an encouraging message to the group of people that has its troubles. We need the assurance that God is with us.

Help Wanted

Typesetter

The Echo has an opening in its production department for a typesetter. Experience on compugraphic phototypesetting equipment would be an asset but not a necessity. The applicant should possess a typing speed of 70 words per minute, be accurate and have a good command of the english language. This is a challenging full time position working in a pleasant atmosphere with earnings commensurate with ability.

Please submit complete typed resumes to The Echo Office, Bishop Building, Haliburton.

Haliburton County The Echo

This and That

BY JENNIFER WOODS

How do you feel about walking into a house that smells like garlic? If you like it read on. I use garlic a lot. It is one of those dynamic smells similar to bacon frying or bread cooking.

Garlic is a most useful plant. It has excellent taste; antibiotic and repellent qualities. In ancient times in Siberia and Sicily it was thought of as being an aphrodisiac to allure one's love. Then in the 16th century, it was used as a mole repellent to repel one's mole. You can see it has had quite a history.

If cloves of garlic are planted around apple, peach and pear trees they will help greatly in pest control. A spray for house and garden can be made from garlic. And in this day and age full of chemicals that may endanger our lives this comes as a welcome change.

Garlic contains sulfide of allyl an oil present in all members of the onion family. It is so good a protection against bacteria that in wartime it was used as a disinfectant.

If you grow garlic in your garden be sure to dry it in the sun until it is a white colour before storing.

Garlic Bread

Follow your favorite White Bread recipe and add minced or powdered garlic to the warm water before you add the flour. When I make bread I like to add garlic powder to only one loaf. So I add the garlic after the first rising and knead it in.

Garlic Butter

This is great on steaks or it can be added to make a fast Garlic Bread.

Boil 1 to 3 cloves of garlic in a little water for 5 minutes. Drain, crush and pound well with 1/4 cup of butter.

Garlic Vinegar

Heat 1 cup of vinegar. Cut 4 cloves of garlic and add to the vinegar for 24 hours. When the vinegar is cold place in a closed jar. After 2 weeks strain it. It can be used in dressings and sauces.

For years garlic has been the "bad guy" of the herb world and I think it is time we changed its image. Now I'm not suggesting that everyone start wearing them around their necks to ward off the common cold, but... mmm... that may not be a bad idea!!!

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN BLOCKS VI & X, REGISTERED PLAN NO. 1 - TOWN PLOT OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, February 14th, 1977, a By-Law to Close, Stop Up and Convey the following:

ALL that part of the original allowance for road between Blocks VI & X, Registered Plan Number 1, known as the Town Plot of Haliburton adjoining Lot 8, Block 6, in the said Town Plot, in the Township of Dysart, in the Provisional County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-1232.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON this 6th day of January, 1977.

COUNTY ECHO FAMILY

Planning next County Fair

Did you think that the County Fair had gone underground. Well it did until after the Winter Carnival, but it still was working hard to make the 1977 County Fair bigger and better.

Don't worry folks this year for sure there will be a lively Midway, by moving the fair ahead 2 weeks the Society was able to get the services of the gentleman who does both the Rotary Carnivals so the midway is going up, up.

The entertainment committee has obtained The "Leaky Family" from Lakefield as a change from a single performer. Later on this terrific family group we will have more information.

The amateur committee has their set up all planned and don't worry kids they tell me the bubble gum blowing contest is still on.

All convenors have finished their section and our books will come out early, we hope!

The parade convenor, Don Blakey, has been working hard on new ideas for the parade and some of the ideas are terrific. We are going to keep sending in bulletins as they are received and will keep the County Fair in the spot light as much as possible. Oh yes, there will be another Mutt show but will be...

Receive increase

The Minden Agricultural Society last Wednesday received an increase in its annual grant for the County Fair. Anson, Hindon and Minden council voted to allot \$600 to the fair, an increase of \$200.

The Agricultural Society has nearly completed arrangements for the publication of its fair book. Committees gave their reports to a meeting of the Fair Board on Jan. 25.

Last year's fair book was not published until, an indication of the interest and good organization of this year's board.

Support from all townships is looked for from all townships for this county fair.

Obituary

FAIRFIELD, Jane Harris, beloved wife of the late James A. Fairfield of Minden, Ontario, passed peacefully to rest on January 6, 1977, at Hyland Crest Senior Citizens Home, Minden, Ontario, in her 99th year.

Born November 14, 1878, in Beaverton, Ontario, the eldest daughter of Jeremiah and Jane Taylor, she moved, with her parents and family, to Minden in July, 1895, and attended the Model School for Teachers' Training that year. She spent the following 6 years teaching at Peterson Corners, Essonville, and Haliburton, Ontario. Her marriage on January 15, 1902, to James Fairfield, took place in the Presbyterian Church, Minden, by the Reverend James Gilchrist. She and her husband settled on their pioneer farm overlooking Mountain Lake, where their eight children were born; Marjorie (Mrs. M.A. McCaw), Hazel (Mrs. G. Colling) Gladys (Mrs. F. Waters), Wilfred, Muriel (Mrs. C.A. Bond) and Mildred (Mrs. W.B. Scott). She was predeceased by Marjorie and Gladys.

In 1920, she and her husband, James, bought a farm in Verulam Township, Fenelon Falls, Ontario, where they resided until retirement in 1933. They moved back to Mountain Lake and built a home and cottages at Fairfield Bay. James died in September, 1949, at the age of 77 years.

Mrs. Fairfield, a lifelong member of the Presbyterian Church was also a staunch supporter of the Anglican Church. She was active in the Women's Institute and for over 50 years carried as a Convenor of Historical Research for the Society and Haliburton County, during which time she published many articles and accounts in the local papers. The history of Minden, written by her in 1950, is deposited in the Public Archives of Canada, at Ottawa.

some so watch for more about it.

Of course, there will be a Fair Queen maybe two, and if possible the Queen of the Furrow will also be here.

More details on all later but now we want you to start thinking of the dates which are August 12, 13, 14 and be sure and start your entries now for there is lots you can do in the winter time and be sure and think positive for the Fair.

Susan Wingat serves Linda McKnight, Len Lonsberry and Marg Lonsberry as her husband, Erwin Wingat looks on at the opening of their new restaurant near Minden, the Austrian Village Inn. Mr. Wingat has constructed the building himself in the three years that the Wingats have lived in Minden, and is now offering Viennese specialties, cooked by himself.

HALIBURTON IGA MARKET

County sports

By Jim Badgley

Haliburton is just getting over one minor hockey tournament and what do we have around the corner, a second one scheduled for the weekend of Feb. 11, 12 and 13.

This tournament will feature pee wee age players and as an added attraction, in reality will be two tournaments in one.

There will be six double A teams, from such well known organizations such as Toronto Marlboros and Toronto Shoppers competing for the Haliburton Hockey Haven Trophy.

The other tournament will be the regular pee wee event sponsored by the Lake Kashagawigamog Tourist Association and the Haliburton Minor Hockey Association.

This tournament will be conducted in the same fashion as the atom tournament with 16 teams competing in two groups and ultimately finishing up with a grand consolation championship and a grand championship.

The winner of the grand championship will take home the Alcide Carpentier Memorial Trophy and the consolation championship winner will be awarded the Fred Nieman Memorial Trophy.

The tournament will get underway at 1 p.m. on the Friday, 8 a.m. Saturday and 9:45 a.m. Sunday.

The tournament will wind up Friday and Saturday at 10 p.m. and the grand championship will take place Sunday at 7:30 p.m.

In the Double A division the final game will be played at 4:45 p.m. on Sunday.

The teams in the double A division are minor pee wees, which means they are 11-years-old, but will be among the best players at the age in Ontario.

The teams in the regular tournament will be from various areas of Ontario including as far away as Kingston.

What does it take to be a good minor league coach? A lot of hard work, dedication but most of all it takes pride. I watched the coaches in the atom tournament and found that all of them displayed a great deal of pride in the performances of their players.

Not pride in winning, but pride in the fact that they had 15 or so boys who were willing to take to the ice and compete in Canada's national sport.

Midgets sweep Bobcaygeon series

The Haliburton Beacons Midgets have advanced past the first round in playoff action on the strength of a three game sweep of Bobcaygeon.

The midgets won the final game 3-2, played at the Dystart Arena.

The first two games of the series were lopsided wins for Haliburton.

Bobcaygeon scored first in

the final game at 2:32 of the first period when Robert MacDonald connected from Joe Barrieau.

It wasn't until there was only 3:31 to play in the second frame that Haliburton was able to knot the count.

Mike Scheffee scored the tying goal with assists going to Dwight Sisson and Andy Salvatori.

Haliburton went ahead for the first time after only 45 seconds of the final frame

when Rod Consack scored from Mike Iles.

An unassisted goal by

Bernie Nicholls at the four minute mark of the third period gave Haliburton a 3-1 lead.

Bobcaygeon got back into the contest with only 1:18 remaining to play but it was a case of too little too late. Barrieau was credited with the goal and Chris Robertson picked up an assist on the play.

Combined tests for skaters

In spite of cold winds and drifting snow, skaters from Haliburton, Minden and Bobcaygeon clubs took part in Senior Skating Tests conducted at the Haliburton Arena on Jan. 30.

Judging skaters were Mrs. Hollows from the Lindsay Skating Club, Miss Funstall and Mr. Nesbitt from the Whitby Skating Club, and Mrs. Goodman from Bancroft.

Successful candidates were:

Bobcaygeon Club - Lee Madill - Fourth Figure

Minden Club - Sr. Bronze

Dance - Fourtinstep - Susan

Wingat

Haliburton Club - Preliminary Figure - Nancy Bagg,

Kathy Shipley, Cathy Tyler

Preliminary Dances - Dutch

Waltz - Nancy Bagg, Kim

Dunford, Martha Carnohan

Canasta - Nancy Bagg, Kelly

Martin, Kathy Shipley

Swing - Nancy Bagg, Lee

Potter, Cathy Tyler

Jr. Bronze Dance - Willow -

Nancy Shipley

Sr. Bronze Dance - European -

Jennifer Baker

Foxtrot - Jennifer Baker

Maple Lake Bowling League results

High Triples: Ron Robinson, Sr. 781 (326, 293); Flo Henderson 735 (261, 251); Ronnie Robinson, Jr. 723 (272, 229); Audrey Fountain 710 (261, 227); Ev. Stata 694 (282, 239); Fred Cox 692 (280, 226); Wes Stata 687 (292, 207); Rick Harding 623 (239, 210); Cliff Burke 610 (243, 208); Ann Everall 608 (241)

High Singles: Loretta Henderson 260; Deb Harding 241; Dorothy Ann Robinson 234; Marlene Cook 233; Marnie Robinson 214; Ab Cox 210; Shannon Patterson 209, 200; Linda Fountain 204; Brenda Cook 203; Dan Harding and Harold Kirkpatrick 200.

It sure will be exciting at the alleys next week as 3 teams are tied and are trying to win the 2nd series. Dan Harding, Ron Robinson, R. and Ev. Stata's team all have 28 points. Harry Henderson 23 & Audrey Fountain 16. We Stata's team won the first series.

The Maple Lake League is well represented in the O.B.C. Carling O'Keefe

"Open" with Ronnie Robinson, Jr. and Fred Cox in the Men's team with Ron, Sr. coaching; Ev. Stata, Audrey Fountain and Marnie Robinson in the Ladies team and Wes Stata in the "Mixed". This will be bowled in Hamilton on Easter weekend.

Good luck to all of them - also to Marlene Cook and Ev. Stata - league winners in the Sunbeam Shoes Hi - Low Doubles Tournament Zone round for this is at Carnarvon Lanes Feb. 27.

MUNICIPALITY OF
DYSART ET AL

NOTICE

The Dysart Planning Board will hold a Public Meeting in the Haliburton Legion Hall on Thursday, February 17 at 7:00 P.M. to review Amendment No. 1 to the Official Plan of the Dysart Planning Area. This Amendment proposes a new land use designation, Recreational Community, for Part of Lots 26 to 33, Concessions II and III in the Township of Guilford.

Derrell B. Stamp
Planning Supervisor

Figure skating

At a general meeting of the skating club on Jan. 25 the resignation of the president Mrs. Evelyn Brooks was accepted with regret. Mrs. Brooks has spent many long hours working for the club, and we will miss her very valuable support.

An election of officers resulted in Mrs. Dorothy Baker being elected as president, Mrs. Jan Shipley as first vice-president and Mrs. Robin Curry as second vice-president.

Discussions followed concerning the spring "Pop Concert" which will be held Sunday afternoon April 3 from 3-5 p.m. and the Toquepic Luncheon held on Sunday, Feb. 20 during Winter Carnival Weekend. The skating club will be preparing and serving the luncheon this year at the Legion Hall. The help of all club mothers is needed. Please check the club bulletin board at the arena to see how you may help or contact any member of the club executive.

Mr. John Lynch, the club professional has found it necessary to resign because of ill health. Miss Margaret Powell of Bancroft has been engaged, and will be teaching Senior Skaters.

Marie Jenkins tops in bowling action

Marie Jenkins led the way in the Wednesday afternoon league bowling, rolling a triple of 855 (300 and 297). Ray Jenkins bowled 673 (251, 227) for sixth place in the scoring before the two Jenkins left for the sunny south.

Second in scoring was Bill Barber with 729 (325, 205) and third was Wes Stata with 703 (283, 220). Ev Stata was next with 698 (325, 205) followed by Ali Hogg with 677 (248, 225).

Gerry Pinch rolled 661 (303) to finish ahead of

Linda Morrison with 613 (225).

Jean Foster rolled a high single of 235, Ev Perrin 231, Fran Woods 227, Phyllis MacDuff 224, Wendy Kirkpatrick 214, Peggy Henderson 210, Millie Beatty 204 and Laura Fagan 201.

The Fonzies lead the team standings with a total of 49 points. The Sooners are next with 39 followed by the Holly Hawks with 33.

The Flyers have it over the Floozies by 31 to 25 and the Jets trail with 14 points.

Huskies drop game to second place Lakefield

Bad weather Friday night kept the Wellington Dukes from travelling to Haliburton but the Huskies did make it to Lakefield Sunday and found themselves on the short end of a 5-2 count.

The Huskies got on the scoresheet first Sunday, when Randy Barras connected from Dave Levely and Jim Thompson at 1:31 of the first period.

The lead lasted until the 7:45 mark of the period when Lakefield's Steve Hardill scored from Steve Spencer.

Greg Tivy's unassisted goal at 4:56 of the second period gave Lakefield the lead.

Joe Roberts, third top shooter in the league and the number one scorer on the Huskies team evened the count with just over one minute to play in the period when he connected from Barry Shaw.

The third period was all Lakefield's. Spencer scored first at the 28 second mark from Doug Shannon. Frank Young got the insurance marker at 11:17 on a play from Brian Hockaday.

Hockaday added insult to injury to the Huskies when he connected from Randy Freeburn and Tivy at 15:23

of the period. A total of 21 penalties were called in the game with 12 going to Lakefield. The Huskies next home

game will be tonight at 8:30 p.m. when Wellington comes to town to make up for the cancelled game last week.

Haliburton Midgets whitewash Bobcaygeon

The Haliburton Beacon Brook Midgets had little trouble handling Bobcaygeon in the second game of their best of five series and came up with a 5-0 win. It took the midgets almost 10 minutes to get going but

once they did there was no looking back. Andy Salvatori opened the scoring for Haliburton at 10:50 of the first period when he connected on a play from Dwight Sisson and Mike Iles. A goal only 30 seconds

later gave Haliburton a 2-0 lead when Bill Musclove scored from Salvatori. Two second period goals by Rod Consack really put the game away for Haliburton. Consack scored at 10:15 from Nicholls and at 14:40 from Nicholls and Mike Scheffee. Haliburton's final goal was scored by Scheffee early in the third period. A total of 21 penalties were called in the game with 12 going to Haliburton.

Council re-assumes part of old road

Anson, Hindon and Minden council last Wednesday voted to re-assume into the municipal road system a portion of the old Minden-Haliburton road that leads from the present 121 to William Simmerson's Lot 6, Concession 3.

Mr. Simmerson made application in December to council for the road to be maintained by the municipality during the winter months. Council indicated at that time that the municipality could do so if the road were decided to the township. Investigations were made to determine what interest the municipality retained in the road that was once publicly maintained.

Mr. Simmerson's deed outlines the boundaries of his property "save and except" the 66 foot wide portion of the old road, Anson, Hindon and Minden clerk Richard Parisotto told council on Wednesday. He noted that it is questionable, due to the wording of the deed, that Mr. Simmerson actually owns the property now, and that other owners along the road would not be able to claim ownership in a court of law.

Mr. Parisotto said that any vacation by council on the matter might set a precedent that the municipality did not have any interest in the roadway when in fact they do.

Council passed a motion to re-accept the road into the municipal system upon receipt of a deed for the property and a transfer of right of way to highway 121 from Mr. Simmerson. Mr. Simmerson also agreed to provide a turning area for municipal road equipment, and will also deed to the municipality a small strip of land adjacent to the road allowance.

Dodd takes first in class

Snowmobile drag racing wasn't slowed down by the weekend's weather, although slalom events had to be cancelled.

David Dodd, Haliburton took first place in the 0 to 250 stock class, with second going to Peter Barclay, of Maple Lake.

In the 251 to 300 class, Brent Colman and Jim Colman of Minden took first and second place.

Dan Allison of Minden took first in the 301 to 340 class, with second going to Minden's Mark Taylor.

In the 341 to 440 class, Tim Chamber of Carnarvon placed first, with second going to Mike Johnson.

In the open events, 0 to 250 was won by Dave Dodd Jr. with second going to Peter Barclay.

Cleve Shaw of Haliburton placed first in the 251 to 340 class, second going to Jim Washington.

Dave Tulloch took first place in the 341 to 440 class. Second spot in that event to Gord Bain of Toronto.

Charlie Heard of Eagle Lake and Roger Sokoleski took first and second in the 440 liquid class.

Overall winners of the two days of drags were again, Charlie Heard in first place and Roger Sokoleski in second.

Minden Winter Carnival 1977

Reigning Queens and Princesses

Joanne Bull was chosen from eight contestants on Friday night to be the senior Carnival Queen for Minden, and started her busy weekend of ruling over Carnival festivities.

She was accompanied in her duties by the Junior Queen, Ellen Farnsworth, who was picked from 14 other contestants.

Princesses were, in the Senior class, Debbie Gammell as first runner up, and Bonnie Rowden as second.

Erin Gilligan was the first runner up in the Junior contest with Brenda Toye the second princess.

The girls were judged by Alan Wrightman, Marion Lodenquai and Irma Wickens for their looks, figure, poise and appearance in interviews upstairs in the community centre, with the final judging taking place in the arena.

Bill Payne acted as MC and the girls were piped on and off the ice by Earl and Allan Cooper.

Participation key to Carnival good times

Carnival results show that the Kinsmen's aim to get as many people involved as possible had some good results.

The beer drinking contest, with the trophy donated by the Minden Progress, was won by Jim Schlosser, with a time of 52 seconds for one bottle of beer. The women's champion was Olive Ward, who took one minute and 17 seconds to down her winning pint. The kind of contraption that the beer had to be drunk from explains the times. The process involved a long siphoning system, devised by the Colborne Kinsmen, who registered a top time of over one minute. Contestants had to draw their beer through the tube that wound around several times and made the going a little harder than the usual method of downing a bottle.

Tug of War competitions took place on Saturday afternoon on the arena ice. There was a lot of enthusiasm for this event, which was expanded to include a women's class on popular demand.

A six man team headed by Arthur Nye took first place for the men, with Mickey Hamilton's Minden team pulling off first place for the women.

Keith Harrison came first in the snowshoe races held to the east of the arena throughout the two days of carnival. Contestants were given a pair of snowshoes told where the one eight of a mile track was laid out, were sent on their way and timed. Herb Roodenberg came second in the event.

The log sawing contest never got underway, being cancelled since no one seemed willing to get out in the cold to try their strength.

Children's events held in the arena had a good response. In fact, the kids seemed to have as much fun waiting for their events as entering.

There were obstacle race competitions, one division for shoes and one for skates.

In shoes, the boys' age 10 to 13 champion was Shawn Chapman. In the boys' 14 to 16 group, Gordon Dewitt placed first. Wendy Schell took the top position for the girls age 10 to 13.

Shawn Chapman put on his skates and took the first place in the boys' age 10 to 13 skating obstacle course. The age 14 to 16 boys were led by Leslie Booth. Denise Gibson won first place for the age 10 to 13 girls.

Tricycle races finished off the children's part of the afternoon, before the adults took over to try their hand at tug of war.

The under eight division winner was Tom McLeod. In the nine to 12 category Robbie McLeod took the top honors. Contestants in these events had as hard a time on the ice as some of their faster and more powerful counterparts racing on the iced track outside, but as there, all seemed to enjoy it.

The atmosphere of the Carnival really was one that allowed people to get involved, and it was good to see that as many as could come did participate. The Kinsmen's planning paid off.

Figure Skaters Warna Blakey and Lori Steele

Tricycling racing finalists and Fans

Report from Queen's Park

BY MPP JOHN EAKINS

You will no doubt recall that in the early part of December, we raised in the Legislature the question of the Ontario Highway Transport Board ruling to allow Greyhound Lines of Canada Ltd. to run the buses on routes between Toronto and Buffalo and Toronto and Sudbury, which are at present served by Gray Coach, a subsidiary of the Toronto Transit Commission.

The Minister of Transportation and Communications told the Legislature, initially, that he agreed with the Board's reasons for giving this ruling - complaints of poor service by Gray Coach, and the need for competition on the routes in the public interest. Leonard Moynihan, president of the Amalgamated Transit Union charged that telegrams of support for the Greyhound service, from local unions, which had been read in the House by the Minister, were paid for by Greyhound, and that although more jobs might be provided, they would not be in Ontario, because Greyhound would then have a cross-Canada service, with drivers from the United States or from Winnipeg driving through Ontario.

Stuart Smith expressed concern because the bus service to many small Ontario communities was threatened by the Transport Board's decision to permit an American controlled company to operate on the two main Ontario routes in question, considering this a "sell-out to American interests at the expense of a Canadian company owned by Ontario taxpayers", and "equivalent to Ontario handing over a \$10 million public asset to a U.S. controlled company." Gray Coach officials expressed the view that Greyhound would skim the profits from these two money making routes, making it impossible for Gray Coach to continue to provide service on money-losing routes in the rest of the Province.

After some two weeks of continuing pressure in the Legislature, the Ontario Cabinet told the Ontario Highway Transport Board to reconsider the decision to allow Greyhound Lines of Canada Ltd. to compete with the publicly owned Gray Coach Lines Ltd. The Minister of Transportation and Communications asked the OHTB to re-examine the economic impact of the decision, and determine how this would affect bus service to smaller communities and Gray Coach finances. T.T.C. and union officials warned that more than 200 Ontario jobs could be lost and the company put in the red by \$300,000 although the President of Greyhound maintained the new routes to be granted his company would "increase employment in Ontario by at least 90 jobs - and perhaps as many as 130."

The re-hearing before the Ontario Highway Transport Board is now in progress in Toronto.

If the Board feels Gray Coach has done a poor job of servicing the routes, clear directions should be given for improvements. On the other hand, if the Board feels the time has come to open good routes to competition, some direction should be requested from elected representatives.

See you next week.

Former residents make it to championships

Two former Haliburton residents, Terry and Janet Scheffee, have made it to the Canadian Figure Skating Championships in Calgary.

At an early age Terry and Janet Scheffee learned the meaning of hard work and dedication and it paid off.

After five years as a brother and sister dance team with the Peterborough Figure Skating Club, the Scheffees will be skating in the national championships in Calgary at the end of this month.

They are only the second dance team in Peterborough history to have made it as

James is elected to head board

R.H. James was elected to a one year term as chairman of the board of governors of Sir Sandford Fleming College during that group's Jan. 24 meeting.

Mr. James, who is president of Ethicon Sutures in Peterborough, has been with the board since June, 1973, and succeeds Mrs. Elizabeth Clarkson, of Peterborough, who completed two one year terms as chairman.

W.T. Coburn, of Minden, was elected vice-chairman. W.J. Shields of Cobocok is chairman of the board's finance, property and administrative committee, and J.A. Richardson of Peterborough was elected chairman of its student and faculty affairs committee.

The board also received official confirmation of the appointments of Mrs. Clarkson and Mr. Richardson to further four year terms on the college board.

The board was also told that the natural resources division has occupancy of phase II of the Frost campus in Lindsay and that retaining division faculty and students have full use of new facilities created by additions and renovations to the college's McRae building in Peterborough.

far as the national finals. Amy and David Martin made it in 1971.

"They could not have gotten as far as they did without a keen sense of discipline and a dedicated spirit," said Bob Potts, club professional and manager coach of the dance team since it started.

"They have to put several hours in each week and this can get pretty hectic when they have to go to school or work as well. And they have to sacrifice much of their social life as well. The Scheffees have shown that if you want something bad enough, you have to give a lot to get it. A lot of skaters wouldn't want to give as much of their time as the Scheffees have done."

A typical week for the novice dance pair, especially at this time of the year, involves 14 hours a week on the ice. Janet, 17, has the added responsibility of school, as she is a student in Grade 12 at Lindsay Collegiate and Vocational Institute and Terry, 20 is working part-time in Peterborough.

With the nationals just around the corner, the Scheffees' social life is practically non-existent.

The Scheffees, who live just outside of Lindsay, earned the right to advance to the Canadian championships with a third place finish in the novice dance program at the Eastern Division championships in Toronto last Friday.

They came third with a score of 75.3 points and 27 ordinals behind Laura King and Doug Kelly of Ottawa and Carole Gagnon and Bruno Voyer of Charlesburg Quebec.

They competed against 10 couples at the divisionals. In Calgary, where the competition will be much stiffer, they will face 16 dance teams.

"It will be a tremendous challenge and we are excited about the whole thing," said Janet.

EIGHTH LAST YEAR
Last year the pair managed an eighth place finish at the divisionals in Montreal and was eliminated from

further competition.

At the nationals each team will be permitted to select three dances of a possible six, with the dance list divided into two groups.

The six dances are the 14-step, the Fox Trot, European, Rocker Fox Trot, American and Harris Tango.

"We don't have any favorite," said Terry. "We like them all. We won't know what the lists will be until we get there."

"We'll just plan to do our best and hope for a good outcome."

It is the realization of a dream come true for the Scheffees.

Both have been in figure skating for close to 10 years but it wasn't until five years ago that Potts realized their potential.

Terry was 15 then and Janet 12 and they were not receiving training from a professional.

"When I first saw them, I felt they were going to be good skaters if they kept at it," said Potts.

"I didn't say at the time that in five years they would be going to the nationals, but I felt they could be winners. The potential was certainly there."

"He told us then we could be a good team, so we decided to work hard," added Terry.

The Scheffees found the early going rough as they did not possess a natural instinct for music. In order to rectify the problem they took up ballroom dancing.

Now they have that natural rhythm.

Not only are the Scheffees the first local dance team in six years to reach the nationals but they are currently the only dance pair with the figure skating club.

"There are just not many boys interested in figure skating," said Terry, "and those who do join are mainly interested in singles competition. Presently, there are only four boys registered with the club."

For the first two years the Scheffees skated out of the pre novice class and for the past three years they have been in novice.

SOFT AND SMOOTH

Their style is best described as soft and smooth and according to most observers they skate together like seasoned veterans.

Within a year or so, they should move up to junior status and Potts feels it would not take long before they jumped to senior classification.

This is not the first time the twosome have been around the winner's circle, as a few years ago they won the pre-novice championship for Eastern Ontario and once captured the Toronto Inter-Club championship.

They have also won several club titles.

The Scheffees still live with their parents. The elder Scheffees have never been figure skaters themselves, but they do "offer strong financial and moral support."

"And mother makes all our costumes," said Janet.

The Scheffees tend to be low-key performers, who prefer to ignore much of the publicity they have been receiving lately.

"This is all pretty new to them and they are not quite sure how to handle it," said Potts. "But they are an average couple and they seem to be handling everything in a natural way."

The Scheffees possess different personalities and sometimes arguments have developed as to how a certain routine should be performed.

"But they have always managed to settle it without any problems," said Potts. "When they get out onto that ice together as a team, they fuse together."

Once the nationals are over, the Scheffees will return to Peterborough.

As soon as the local season concludes, they will be able to resume some of their social life and enjoy more time to themselves.

"There is never any real pressure on us as we enjoy the busy hours, but we do look forward to the spring and summer as well when the time is easy," explained Terry.

Court hears impaired charges

David O. Fluke, of Mar-
Dec. 10 with impaired
driving and driving with
greater than .08 per cent
alcohol in his blood was

fined \$130 and costs in
Minden provincial court Jan.
25 after a plea of guilty to
the charge of impaired
driving. The .08 charge was
withdrawn.

Marvin R. Hughey, of
Highland Grove and Whitby,
was sentenced to 14 days in
jail following a plea of guilty

in court Jan. 25 to a charge
of impaired driving.
He was charged with the
offence Nov. 27 and at that
time was served a notice of
increased sentence for a
second offence. He was
given the minimum sentence.

Lawrence W. Anderson,
of RR 1 Minden, charged
with impaired driving, Oct.
29 south of Minden, pleaded
guilty Jan. 25. He was fined
\$190 and costs.

Murray D. Hogg, of
Bowmanville, was fined \$100
and costs for a conviction on
a charge of impaired driving.
The charge was laid Dec. 28.

Bruce O. Wilson entered a
plea of guilty to a count of
impaired driving, laid Nov.
24, in Minden Township. He
was fined \$150 and costs.

A charge of impaired
driving laid against Steven
A. LeLievre, of Haliburton,
was dismissed in Minden
provincial court Jan. 25.
LeLievre was charged Jan. 7
in Haliburton Village. He
was fined \$50 and costs for
having over .08 per cent
alcohol in his blood.

Thomas Sanderson, of
Ajax, was fined \$150 and
costs in Minden provincial
court on a count of impaired
driving. He was charged on
Dec. 3 after skidding to a
red light in Haliburton

Village and showing signs of
impairment.

A trial was held Jan. 25 at
the court in Minden con-
cerning charges of impaired
driving, blowing more than
.08, failure to produce
evidence of insurance and
not having an operator's
licence laid against Walter
Peterson of Dorset.

The first Crown witness,
Joseph Graham, of Dorset
testified that the bumper of
his car had been hit by
another vehicle and he had
taken the keys from that
other car after it had pulled
off the road. He said,
however, that he could not
identify the person who had
been in the front seat of the
vehicle, nor another person
who got out of the car.

On the basis of that
evidence, crown counsel,
Jerry Woron, was forced to
ask that the charges of
impaired driving and failure to
produce insurance be dis-
missed. Mr. Peterson had
entered a plea of guilty to
not having an operator's
licence and was fined \$150
and costs.

SHOE REPAIRS
489-2445
BOB BARCLAY

Guilty plea to breach of probation charge

Kevin T. Billings, of Tory
Hill, entered a plea of guilty
in Minden provincial court
Jan. 25 to a breach of
probation and was sentenced
to 30 days in jail.

Billings was found intox-
icated and causing a distur-
bance in his family home,
Dec. 25, when OPP officers
were called to the house. He
was under probation on
sentences handed out on
Sept. 9 and Oct. 12 that
ordered him not to drink any
alcohol for two years and not
to enter any licensed prem-
ises.

Judge Inrig noted that
being put on probation was
being given a break by the
court and if you don't
abide by the terms, you have
to take the consequences.

The 30 days that Billings
is to serve will run consecu-
tively to a sentence that he is
now serving.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE ONTARIO
HERITAGE ACT, 1974, S.O. CHAPTER 122
AND IN THE MATTER OF THE LANDS AND
PREMISES KNOWN MUNICIPALLY AS THE
TOWN HALL, IN THE VILLAGE OF
HALIBURTON, IN THE PROVINCE OF
ONTARIO:

NOTICE OF INTENTION TO DESIGNATE

Take notice that the Council of the
Corporation of the Municipality of Dysart et
al, on the 13th day of December, 1976,
decided to designate the lands and buildings
known municipally as the Town Hall as a
property of historical value or interest under
The Ontario Heritage Act, 1974, S.O. Chapter
122.

SHORT STATEMENT OF THE REASONS FOR THE PROPOSED DESIGNATION:

The Town Hall is recommended for
designation for architectural and historical
reasons. Originally constructed in 1897, it
soon became the centre of all activity within
the community. Concerts, socials, arts and
agricultural displays were just a few of the
many events that were held in the building.
Such notables as Lord Wellington, The
Honorable Leslie M. Frost and Miss Pauline
Johnson all made visits to the Town Hall. In
addition, the 109th Battalion used the Hall as
their headquarters during the First World
War. It has always been used as the meeting
place for the Municipal Councils as well as
serving as the municipal offices. The Town
Hall is also important as a well-designed and
quite well preserved stone structure of the late
19th century. Notice of objection to the
designation may be served on the Clerk within
thirty days of January 6th, 1977.

DATED at Haliburton this 6th day of January,
1977.

Gems of Truth

In the early days of the Christian Church, there were no beautiful, architectural buildings for worship and teaching. Wherever there was a Christian community, some member who had a large dwelling would invite the congregation to worship in a room of his home. Among the homes mentioned Scripture where the church would meet was the home of John Mark in Jerusalem. Acts 12:12. Likewise the home of Aquila and Priscilla opened their home to their good friends as Paul came along to encourage believers in their faith. Rom. 16:3-5. Also the home of Philemon at Colosse is a classic example of a fellowship bound together by a unity in Christ and thus the Church in his house is mentioned. Phil. 1:1-5. When Paul wrote to his friends, he often used a greeting, "And give my best wishes to the Church in your house."

Today we are used to beautiful buildings, planned for the worship and service of God. But the words of Paul should still carry a volume of truth for us. For in a very real sense, there is or ought to be a church in the home of every Christian. What about the church in your house?

No congregation will ever rise higher than the level of the homes that make it up. The uniqueness of Christianity is that it is based upon lofty home life. All through the Bible there is strong emphasis upon the home and family as the basic unit for bringing worship and honor to the Lord God, as well as giving the social structure stability. In the old Testament times, the father of the family was the one upon whom was laid the full responsibility for the welfare of the children and the whole household.

In the New Testament we find that Jesus laid much emphasis upon good home life and He held up the highest ideals of marriage. The great servant, Paul, lifts marriage and home relationships up to the level of the Church. Since there is no higher level than that, the home is looked upon as a place where there is mutual love and respect, yieldedness to each other, thoughtfulness and practised love. If these things are found in a home then indeed there is a "church in that house."

It is more difficult today to maintain home life on this exalted level, as their is so much that distracts and the

temptations is strong to lower standards. The world offers much competition and the trend is to find satisfactions away from the home and family. This being the case, it is more important than ever that our homes be strong centres of the highest ideals of life and that little churches of Christ be found within the four walls. The challenge of every home is to let the "church in your house" be truly Christian.

Home is a most excellent training centre for good Christian character. There is no sphere of life which offers such a training in self-discipline, or taking responsibility and in living for others. If home is to be a home in the best sense of the word, then we must each play a part in making home life rich and happy for the others. The "Church in thy house" shines like a beacon in a stormy night when each member of the family contributes to the peace and happiness of home life. As a rule, the best homes in the future will be those who have practiced true Christianity in the one they had been raised. If we would save our nation from utter ruin it must begin with the "Church in thy house." Is there one in your house?

Thank-You

At a time like this it is so hard to express one's feelings and thoughts to everyone who has been so kind. I cannot give special thanks to anyone because everyone has been so special.

To Reverend Trevor Denny who spent much time comforting Buddie and for his consoling words and kindness to us in our time of difficulty.

To Dr. Harry Good who did everything he could for Buddy and whom she said was the kindest man she had ever known.

To the nurses and staff of the Red Cross Hospital who did everything to make her comfortable.

To the friends and neighbours for their many, many gifts of food.

To the ladies of St. Andrews church for the fine luncheon they provided for us.

To Mr. and Mrs. Gordon Monk of the John Welch Funeral Home for their kindness and comfort.

Our heartfelt thanks go out to all of you and may God bless you with good health and keep you in His tender care.

Ken, Gordon, Bonnie Stevens

We wish to express our sincere appreciation to all those who through acts of kindness and words of comfort helped us through a very difficult time with the sudden passing of Dale's father on December 27, 1976. Your thoughtfulness will be remembered always. **Dale and Brenda Robinson.**

WESSELL - I wish to express my sincere thanks to friends, neighbours and relatives for the flowers, cards and phone calls I received during my stay in the Minden Red Cross Hospital. A special thanks to the nurses and doctors in the hospital for their kind efficient care. **Sid Wessell**

MARRIAGE ANNOUNCEMENT

JEAN E. SUTER and REGINALD H. COLLENS wish to announce their marriage which is to take place Saturday, February 5th at 7 p.m. at the home of Mr. and Mrs. Michael McInerney, Port Perry. The couple will reside at 444 Rose St., Cambridge (P), Ontario.

IN MEMORIAM

EVANS - In loving memory of a dear wife Williamina (Mina), who passed away February 12, 1975.

God knows how much I miss her, Never shall her memory fade, Loving thoughts shall ever wander To the spot where she is laid.

Lovingly remembered and sadly missed by husband John.

EVANS - In loving memory of a dear mother and grandmother, Williamina (Mina), who passed away February 12, 1975.

Two dear bright eyes, a tender smile, A loving heart that knew no guile, Deep trust in God that all was right, Her joy to make some other bright If sick or suffering one she knew, Some gentle act of love she'd do, No thought of self, but of the other; I know He said well done, dear mother!

Lovingly remembered and sadly missed by son Alex, daughter-in-law Linda, and grandson Christopher.

HOWE - In loving memory of our dear son, Jack, who passed away February 4th, 1945.

Beautiful memories are wonderful things They last till the longest day. They never wear out They never get lost They can never be given away. To some you may be forgotten To others part of the past But to us who loved you and lost you Your memory will always last.

Lovingly remembered by Mom and Dad.

McKELVEY - In loving memory of my dear brother Buster Wallace who passed away February 1, 1975.

Dear God please take a message, To brother in Heaven above, Tell him how much I miss him, And give him all my love.

Sadly missed and always remembered by sister, Audrey.

Advertising
tells you
what's new.

WRUTH - JAMES
In loving memory of Dad and Grampa January 31, 1974.

Softly the leaves of memory fall, Gently we gather, treasure them all. Some may forget - now your gone We will remember no matter how long.

Ever remembered, Murray, Ruth, Dwain, Arlene and Jim.

ROBERTSON - In loving memory of our dear father, Rev. W.J. Robertson who passed away on January 29, 1957. Always lovingly remembered by Mary, Douglas, Murray, Evelyn and families.

McKELVEY: In loving memory of my dear Brother, Wallace Elwood, who passed away two years ago, February 1, 1975.

Your last parting wish We would like to have heard, And breathed in your ear Our last parting word. Only those who have lost Are able to tell, The pain in the heart At not saying farewell.

Sadly missed and always remembered by Sister, Mildred.

GRAHAM - Jacob Clarke In loving memory of a dear husband, father, and grandfather who passed away February 6, 1972.

He left us quietly, His thoughts unknown. But left us a memory We are proud to own. So treasure him Lord In your garden of rest, For when on earth He was one of the best.

Always remembered by wife Mary and family.

DEATH NOTICE

DEATH NOTICE HUNTER, JEN IRENE in her 81st year at Orillia December 17, 1976.

Wife of Allister P. Hunter, predeceased. Beloved mother of Roger R. of Haliburton and Donald A. of Orillia. Sister of Earl McKay of Haliburton, predeceased. Loving grandmother of 7 grandchildren and 7 great grandchildren.

The Word of God By Brian V. Sullivan

In our study today we will include the last of the minor prophets, by viewing the Return From Captivity. Beginning with the first group who returned in 536 B.C., this period continues until the completion of the Old Testament book of Malachi (432 B.C.). During this period the temple, the walls of Jerusalem and Jerusalem itself were rebuilt. The history of this period is found in Ezra, Nehemiah and Esther. Three prophets were raised up during this period. **HAGGAI** Second year of Darius, King of Persia (520 B.C.). Immediately upon the return of the first group from the captivity to Jerusalem, the rebuilding of the temple was started. The work was continued for several years until the protest of some of the enemies of the Israelites caused the decree to be uttered by the King of Persia, stopping the work. After having been stopped for several years, Haggai came forth crying for the people to again go to work and complete the temple. Theme: "Rebuilding the Temple."

ZECHARIAH [520-518 B.C.] Haggai and Zechariah were contemporaries (see Ezra 5:1). Zechariah's book seems to be directed more toward the encouragement of the people than anything else. He shows the people that they were brought back from the captivity for a purpose. Theme: "The Messiah (Christ) is Coming." **ESTHER** [485-465 B.C.] The book of Esther is an account of some events that transpired about this time to a group of people who had been carried into the Assyrian captivity and had failed to return to the land of Canaan. God is not referred to in the book, yet ye can see in the affairs that

transpire on every page. Theme: "The Providence of God."

MALACHI [445-432 B.C.] The children of Israel had been carried away into these captivities because of idolatry. While there, they were completely cured of idolatry, but upon their return to the land, they were

faced with a problem that was equally wrong and sinful. It was the problem of indifference. Malachi deals with the problem very forcefully. Theme: "Religious Indifference."

Next week we will summarize the Old Testament portion of this Bible Survey. See you then.

PARISH OF HALIBURTON
The Joy of the Lord is Our Strength
Rev. Trevor C. Denny, B.A., M.Div.

From the Chamber

BY BOB STINSON

Once more the weatherman dealt an unkind blow and prevented many would be visitors from getting up here to the Minden Winter Carnival. However, I guess we should be thankful that the weather did not force entire cancellation of the event, as it would have had things been as severe as they were in the Niagara area. We understand that the ice track that required so much work will not go to waste because additional race schedules are being arranged for the near future.

It is certainly encouraging to note the expanding degree of co-operation of various clubs and associations to stage these winter events. Coming up this week-end is Snowrama with out Haliburton County Snowmobile Assoc. co-operating with Haliburton and Minden Rotary Clubs to host this benefit for "Timmy" for the third year. Haliburton has supported this project well each year, and we do hope the success can be continued. Once again, the Chamber of Commerce will be represented by two Directors, with Bill Foote riding out of Minden and Dennis Casey from Haliburton. They are each looking for pledges and we must warn you they each completed the entire course last year. Good luck to all participants.

The following weekend brings up another hockey tournament in Haliburton with 22 teams participating in this one. Once again Kashagawigamog Tourist Assoc. is working with Haliburton Minor Hockey and this will be the biggest tournament ever to be held in the Highlands to date. This week-end has been selected as the future Heritage Day long week-end and the Haliburton Kinsmen have claimed it for their annual Heritage Day Dance at the Legion, starting this year on Feb. 12. Carmen Peters has been engaged to entertain you and this should be the first of many good celebrations.

In keeping with their habit of making plans well in the future the Haliburton Kinsmen tell us they are well on their way with their plans for a Home and Cottage Show to be held June 17, 18 and 19. It may be difficult to think about June in the midst of this weather, but it is coming, and booth space is being booked now by John Curry and Dick McLean for this new event.

Speaking of Shows, the Chamber will be participating in the Sportsman Show this year but are asking for direct member participation with us. Any members who feel they can benefit are invited to spend up to two days in the booth and may place their own literature on display for the entire show for only \$50.00. This change was made this year as no funds were available in our budget for the Sportsman Show, so we must make it self sustaining.

A welcome new business, and new member to the Chamber is the Austrian Village Restaurant that just opened last week near Minden. Located on Slaughterhouse Road, just off the South Lake Road, you will find that Erwin Wingat has recreated the wonderful atmosphere of his home country and a menu to go with it, including Austrian beer. We also recently signed up Gary Thurston to the Chamber and we're pleased to have had a small part in encouraging Gary to locate here in Minden. Gary is a chartered accountant and has set up both an office and an apartment just over the bridge at the corner of the River Rd. and Bobcaygeon Road. He is presently open Wednesday to Friday 9-12 and 2-5 but as of May he will be operating full time from this location. Both these new business operations fill a need in the area and we welcome them and hope you will also.

MP Bill Scott comments

Last Thursday, January 27th, I moved a motion in the House of Commons, under Standing Order 26, to attempt to force a debate on the question of the future of the Canadian Confederation.

I used S.O. 26 because this procedure leaves it up to the Speaker of the House to rule on whether or not such a motion will be allowed to carry. The Speaker did not allow my motion, mainly on the grounds that this question might come up for discussion in the near future, and because the subject of my motion was "a matter of a continuing nature."

Understandably, I was keenly disappointed that my motion did not carry, as I believe sincerely that we are in an emergency situation in Canada today concerning the public claim of Rene Levesque that the separation of Quebec is inevitable. However, the Speaker's ruling on this and other matters is final.

I believe, though, that I have fired the opening round in what will have to be a full-scale debate on all of the issues touching on the important question of whether or not Canada is to be preserved as a sovereign nation.

The first point to be argued is that no elected official at any level of government in Canada has been elected with a mandate to break up our Confederation.

Secondly, every such elected individual swears an oath to honour our Sovereign Queen, and to preserve and protect their country. These things are fundamental to our system of elective government.

Another issue that must be clarified is whether or not a province can legally call a referendum vote to separate, or secede from Canada. There is no provision in the Canadian Constitution for such a referendum, nor has the Canadian Parliament ever passed a motion or act to allow for such referendums.

Investigate 11 vehicle crashes

The Minden detachment of the Ontario Provincial Police investigated 11 motor vehicle collisions and 44 general occurrences during the week of Jan. 24 to 30.

A three car accident on York Street in Haliburton Village Sunday at 11:05 a.m. resulted in a total of \$600 damage.

There was \$200 damage to a car driven by Ronald Glen Hodgson, 50 of Haliburton, \$400 damage to the vehicle driven by Sandra Curry, 32 of Haliburton and \$200 damage to a car driven by Roy Victor Schroter, 49 of Haliburton.

Fined for careless driving

Steven Kirkpatrick, of Haliburton, appeared before the court in Minden on several charges Jan. 25. He was fined for careless driving and failure to wear a seat belt and had the only criminal charge, of dangerous driving withdrawn.

The three charges were laid on Dec. 5 when an OPP officer noticed Kirkpatrick pull off Highway 519 into the parking lot of the Lakeview Centre of the Haliburton School of Fine Arts. Crown and police information stated that the car spun in a 360 degree turn, then another 180 degrees to end up facing east.

Kirkpatrick, a high school student, said that he car did swing around, but only in a 180 degree turn.

He was fined \$100 for careless driving, \$30 for not have a seat belt fastened and was asked to pay \$3 in court costs.

Modern day wilderness family

In keeping with the pioneer spirit of America's Bi-Centennial Year, "The Adventures of The Wilderness Family" depicts the story of a modern day pioneer family who become bored with the hassles of the city in Los Angeles, head for the wilderness, never to return.

Never before has a (G) Rated family motion picture met with such box office success and rave reviews from critics and audiences alike as has the Pacific International Enterprises release of "The Adventures Of The Wilderness Family."

Packing only the essentials, Skip Robinson (Robert Logan) and his wife Pat (Susan Damante Shaw), along with their two children, Jenny (Hollye Holmes) and Toby (Ham Larsen), begin what is to be an incredible encounter with nature and the elements. After building a log cabin in a deserted, mountainous area, the family befriends a pair of bear cubs and is beset by a ferocious grizzly. They encounter raccoons and an assortment of undomesticated animals that city children only read about in school books.

From the original story by producer Arthur R. Dubs, Stewart Raffill wrote and directed the screenplay. Raffill captures the relevance of this eternal American Dream to get back to nature, and brings to the screen 100 minutes of thrills and excitement. The talents of Logan and Shaw as the parents, and Holmes and Larsen as the amiable children, are brought together in this heart-warming story of a wholesome family living in harmony with nature.

The movie is playing at the Beaver Theatre Feb. 4 and 5 at the Molou Feb. 10, 11 and 12.

The accident took place at the junction of York Street and Highway 121.

Hodgson has been charged with failing to yield.

A two vehicle accident Saturday afternoon in Gooderham resulted in \$750 damage to a car driven by Raymond Coughlin, 29 of Toronto and \$175 damage to a car driven by Samuel Goff, 73, of Gooderham.

Coughlin has been charged with failing to share half of the roadway.

An accident involving two pick-up trucks on Tamarack Road in the Gooderham area resulted in \$600 damage to the truck driven by Donald Graham, 21, of Gooderham, and \$400 damage to the truck driven by Wolfgang Schilbach, 48 of Gooderham. Schilbach has been charged with driving to the left of centre, failing to register a motor vehicle and not having insurance.

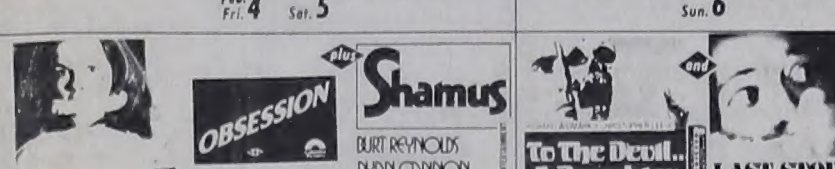

The accident took place Saturday at 3:30 p.m.

A single vehicle accident Friday resulted in \$800 damage to a van driven by Robert A. Bird, 31, of Eagle Lake.

The accident took place at 9:10 p.m. on Harburn Road.

A two vehicle crash on Highway 121 at the Ingold-sby Road Friday resulted in a total of \$900 damage to two cars. There was \$400 damage to a car driven by Sharon J. Reynolds, 21, of RR 2 Haliburton. She was charged with following too close.

The other vehicle was driven by Eva Beedham, 55 of Woodbridge.
